

Trimble ID in Novapoint 21

This describes how to migrate from Vianova ID to Trimble ID.

A screenshot of the Trimble account creation interface. At the top left is the Trimble logo. Below it is the heading "Create your account". The form contains several input fields: "Per", "Olsen", "per_olsen@email.no", and a password field with a strength indicator. Below the password field is a CAPTCHA image showing the text "e63pm" with a refresh button. A text box below the CAPTCHA says "Enter the above text". At the bottom of the form are two buttons: a yellow "Create new account" button and a blue "Go back" button. A small red 'x' icon is visible in the bottom left corner of the form area.

Novapoint GO users

We are moving our authentication for the licensing from Vianova ID to Trimble ID.

[Click to read the instruction guide for how to migrate](#)

For some time both sign in's will be available, but we encourage all users to establish a Trimble ID and link it to your existing Vianova ID within the coming month.

If you don't have a Trimble ID yet, you can create one here:

<https://np.trimble.com/TrimbleID/Create>

You will then receive an e-mail to verify your Trimble ID.

Next step is to map the Trimble ID with your Vianova ID here:

<https://np.trimble.com/TrimbleID/SignIn>

After that: Open Novapoint GO, sign out, choose Trimble ID as sign in method. Sign in with your new Trimble ID, and select "remember password".

Quadri Easy Access users

For Novapoint 20.00 projects on Easy Access you will continue to use Vianova ID as authentication for the licensing. The web page will continue to be <https://www.quadridcm.com>

Before taking Novapoint 21 in to use, you will need to establish a Trimble ID and link it to your existing Vianova ID.
